## **THE MUTOPIA PROJECT**

*DigiClassic scores (Conductor, parts and study format) participate in the Mutopia project which aiming at online Internet old scores fallen into the public domain, with a print quality problems rarely achieved so far.*

*The scores are taken from the original website <http://imslp.org/>, which includes nearly 30,000 works and 72,000 free scores.*

*DigiClassic uses free software LilyPond for a print quality worthy of the engraving masters of the nineteenth century.*

*The scores are as faithful as possible to the originals. However, these old scores often show slight differences or inconsistencies, which are corrected as logically as possible (phrasing, dynamics, sometimes mistakes on notes or durations, indication or not of tuplet numbers).*

*The quotations in parts also come (if available) from original scores, which entrusts the book an excellent read.*

*The differences between the parts and the conducting score are kept, optimized, either for the player, or for the conductor.*

*Despite numerous re-readings, errors may exist in copies. If in doubt, check the scores on the IMSLP website, references to the publisher and number plate being provided with each score.*

*If you find any improvements, please mail [j-f.lucarelli@espace-midi.com](mailto:j-f.lucarelli@espace-midi.com) for your comments and advice*
